This year's conference, **Treasuring the Past, Mapping the Future** brings us together this November for a momentous occasion as CEANY celebrates 40 years of advancing continuing education together! We are excited to bring you a three day program filled with engaging speakers, valuable activities, and informative concurrent sessions. From developing innovative partnerships and collaborating with colleagues to charting successful program paths, from grant winning writing tips to optimizing your digital marketing strategy, this year's conference will help you map your continuing education program for the future!

In addition to the diverse conference programming, on Wednesday November 7th, we will treasure the past and history of CEANY as we celebrate 40 years with a special celebratory event. Don't forget all of the great networking opportunities you will have to connect with your fellow continuing education professionals throughout the conference too. We are confident that the knowledge you will gain will bring returns that pay off and inspire more ideas for the future.

The conference countdown has begun, we look forward to seeing and celebrating with you in November!
