

Region West Meeting

The annual Region West Meeting occurred on May 12 at Monroe Community College's (MCC) Economic & Workforce Development Center. Fifteen members attended. Successful programs and challenges were discussed, and it was an opportunity to learn about the benefits of CEANY and the website to stay connected between events. Todd Oldham, Vice President and Chuck Caples, Program Director and Past CEANY President, of MCC's Economic Development and Innovative Workforce Services facilitated a "CE Renovation at MCC, Preparing for Now and the Future" session which provided insights on how MCC is addressing workforce needs, engaging in lucrative partnerships, leveraging staff for optimum performance and ROI, CRM/website usage, utilizing LERN, the use of data tools/metrics and alignment with credit and non-credit programming. Please visit www.workforceforward.com to learn more about this forward thinking division.

A special thank you to Todd, Chuck, and the other MCC staff for being gracious hosts.
